COVID-19 Catch Up Premium

Dear Parents /Carers,

In July 2020, the government announced that £650 million of Universal Catch-up Premium Funding will be available for all state-funded mainstream and special schools, and alternative provision. Schools' allocations are calculated on a per pupil basis, providing each mainstream school with a total of £80 for each pupil.

We have a strategic plan in place to support all children with lost learning time due to COVID-19. Our approach will be tiered and based on educational research to ensure that we achieve maximum impact.

Small group sessions for pupils will be led by class teachers and teaching assistants as a key part of our strategy. Some of these sessions may take place within normal class teaching, whilst others will be scheduled before or after school. A member of our teaching team will be in touch in the term if your child has been selected to attend before or after school sessions. Please do everything you can to help us to implement the catch up strategy, especially if your child needs to attend before or after school.

Thank you for your continued support.
