

Message from the Governing Body to all parents and carers
Dear Parents/Carers,

We write to thank you for your continued support for the school and its remote learning provision. We know that without your input, we couldn't possibly manage to remotely educate your children effectively.

The school's leaders and teachers are going above and beyond to provide meaningful and high-quality learning for all children. They are determined that all should have access to the digital platform - SeeSaw. As governors, we are very pleased with the levels of engagement and the children's learning. If your child doesn't have access (for whatever reason) please let us know and we will see if there is anything we can do to help.

We would also like to thank you for your tolerance and understanding as we navigate our way through this pandemic. The school's leaders always try to act in the best interests of all the children and their families. This can be challenging against a backdrop of balancing critical needs: keeping everyone safe; educating vulnerable children and those of key workers in school and maintaining a first-class remote learning offer for those at home. Most of the time, a balance which does not cause hardship for anyone can be achieved. Sometimes, this is not the case. We just want you to know that we are doing all we can to support everyone.

As governors, we feel that this balance is being achieved and again, thank you for your support in enabling this to happen. We reiterate, if there is anything preventing your children from learning well and maintaining good levels of wellbeing, please contact someone at the school using the usual channels and if we can help, we will.

Yours sincerely,

Anna Turnbull (Chair of the Quality Committee)

Peter Bentley (Chair of Governors)

Eileen Rogan (Vice Chair of Governors)
